Our quality department at the airport ensures that all the specs, quality; packaging is upto client's requirements. We use a standard quality check list as attached to ensure that all details of quality are communicated to both the client and the growers or any other party concerned. Milele flowers have a qualified team who has being into flower business for years and their experience is of paramount into driving our business together. Our complaint and relation department ensure that all matters are taken seriously and a solution is brought forward.
